Agenda Item	Discussion Notes	Next Steps
Regional updates and questions	Melisa at HCRS has joined the team as Jennifer Smith is departing. Welcome to Janelle Germaine to this team-she is the new Children's Specialist at DAIL.	
Share and discuss information received about CANS training and certification for each agency	Thanks to all the folks who sent in your responses about how you oversee and train on CANS. Will staff still get reminders about annual certification? Cheryle to check this out.	Please see attached grid of information from agencies—if you have not responded please provide Cheryle this information by Friday, March 17th
Wrap Up and Next Steps—agenda items for next month?	Do we still need to meet monthly? We decided to meet every other month. Can always revisit this if we determine that isn't enough. We can email in between should we need to get in touch.	Cheryle will update meetings to every other month which means you will get a cancellation for the off months starting in April.
